Hurtful words

Everyone loved the video, the original idea and the scenario and they thought the end result was perfect. And, yeah, it was really good, just like he imagined it would be.

Axl is lying in bed thinking about it. Stephanie is sleeping next to him, looking as beautiful, flawless and perfect as she did in the final cut. Yet, all Axl can see when he closes his eyes and tries to fall asleep is that goddamn white piece of cardboard that makes a fleeting appearance when they filmed the band playing on the roof. Those fucking hurtful words. *Where's Izzy.*
